

POND PLANTS

ALISMA PLANTAGO-AQUATICA

Oval leaf and many small white flowers (British Native) Height 45cm (18"). Flowers June – August
Plant with between 5 – 15cm (2" - 6") of water over soil Supplied in a 1litre basket. Price: £7.00

ANEMOPSIS CALIFORNICA

Unusual pond plant with cream/white flowers with honey fragrance. Height 30cm (12"). Flowers June - August.
Plant with 1 - 2cm (1" approx) of water over the soil in a sunny or shaded pond. Supplied in a 1litre basket Price: £8.00

BUTOMUS UMBELLATUS (Flowering Rush) (British Native)

Low growing rush leaves and pink flowers in umbels on tall stems. Height 60 – 90cm (24" - 36"). Flowers June – July.
Plant with between 5 – 20cm (2" - 8") of water over soil in a sunny pond. Supplied in a 1litre basket Price: £7.00

CALTHA PALUSTRIS (Marsh Marigold) (British Native)

Mounds of leaves with 3cm (1" approx) single yellow flowers. Height 30cm (12"). Flowers early Spring. Plant in wet mud or with up to 10cm (4") of water over soil in sunny or partially shaded pond or bog garden. Supplied in a 1litre basket. Price: £7.00

CALTHA PALUSTRIS var. ALBA

Small mound of round leaves with small single white flowers. Height 20cm (8"). Flowers early Spring. Plant in wet mud or with up to 2cm (1" approx) of water over soil in sunny or partially shaded pond or bog garden. Supplied in a 1litre basket. Price: £7.00

CAREX ACUTA (RIPARIA) VARIEGATA

Decorative grass with white and green foliage. Height 45 – 60cm (18" - 24"). Seedheads April – July. Plant in wet mud or with up to 5cm (2") of water over soil in a sunny or partially shaded pond or bog garden. Supplied in a 1litre basket. Price: £7.00

CAREX ELATA AUREA

Decorative grass with yellow/green foliage and drooping black seedheads. Height 45 – 60cm (18" - 24"). Seedheads April – July. Plant in wet mud or with up to 5cm (2") of water over soil. Supplied in a 1litre basket. Price: £7.00

CAREX RIPARIA

Decorative grass with grey/green foliage and drooping black seedheads. Height 45 – 60cm (18" - 24"). Seedheads April – July. Plant in wet mud or with up to 5cm (2") of water over soil. Supplied in a 1litre basket. Price: £7.00

CYPERUS ERAGROSTIS

Grass with seeds held on green spikelets. Height 60 – 90cm (24" - 36"). Seeds August – October. Plant in wet mud or with up to 5cm (2") of water over soil in sunny or partially shaded pond or bog garden. Supplied in a 1litre basket Price: £7.00

CYPERUS INVOLUCRATUS (Umbrella plant)

Leaf bracts in a spoke arrangement with seedheads which turn brown. Height 60 – 90cm (24" - 36"). Seeds August – October.
Plant with 5cm (2") of water over soil in sunny or partially shaded pond. Supplied in a 1litre basket. Price: £7.00

CYPERUS LONGUS (Sweet Gallinule) (British Native)

Drooping brown seeds on each spikelet. Height 90cm (36"). Seeds August – October. Plant with between 5 – 20cm (2" - 8") of water over soil in a large pond or clay lake in sun or partial shade. Supplied in a 1litre basket. Price: £7.00

EQUISETUM SCIRPOIDES

Miniature Equisetum with thin green stems barred with black rings. Height 15 – 20cm (6" - 8").
Plant in wet mud (will colonize mud) or with 2cm (1" approx) of water over soil. Supplied in a 1litre basket. Price: £7.00

ERIOPHORUM ANGUSTIFLUM (Cotton grass) (British Native)

White cotton grass heads over thin leaf grassy foliage. Height 30cm (12") Seeds June . Plant in wet mud or with up to 5cm (2") of water over soil in a sunny or partially shaded pond or bog garden. Supplied in a 1litre basket. Price: £7.00

ERIOPHORUM LATIFOLIUM

White cotton grass heads over broad leaf grassy foliage. Height 60cm (24") Seeds June. Plant in wet mud or with up to 5cm (2") of water over soil in a sunny or partially shaded pond or bog garden. Supplied in a 1litre basket. Price: £7.00

ERIOPHORUM RUSSEOLUM (Eriophorum chamissonis)

Bronze cotton grass with thin grassy foliage. Height 30cm (12"). Plant in wet mud or with up to 2cm (1" approx) of water over soil in a sunny or partially shaded pond or bog garden. Supplied in a 9cm basket. Price: £8.00

HESPERANTHA (Schizostylis) COCCINEA (Kaffir Lily)

Red flowering Kaffir Lily with spiky foliage. Height 30 – 45cm (12" - 18"). Flowers September – November.
Plant in wet mud or with 2cm (1" approx) of water over soil in a sunny pond or bog garden. Supplied in a 1litre basket. Price: £7.00

HOUTTUYNIA CORDATA CHAMELEON

Variegated red, green and yellow foliage and small white flowers. Height 15 – 20cm (6" - 8"). Flowers June – August. Plant in wet mud or with up to 5cm (2") of water over soil in a sunny or partially shaded pond or bog garden. Supplied in a 9cm basket. Price: £5.00

IRIS LAEVIGATA VARIEGATA

Pale blue flowers and green and white striped foliage that remains all season. Height 45 – 60cm (18" - 24"). Flowers June. Plant in wet mud or with up to 2cm (1" approx) of water over soil in a sunny pond or bog garden. Supplied in a 1litre basket. Price: £8.00

IRIS (Louisiana hybrid) BLACK GAMECOCK

Dark purple black flowers with yellow signal. Height 45 – 60cm (18" - 24"). Flowers July. Plant in wet mud or with up to 5cm (2") of water over soil in a sunny pond or bog garden. Supplied in a 1litre basket. Price: £8.00

IRIS PSEUDACORUS

Broad Green leaves in Spring with yellow Iris flowers. Height 90 – 120cm (36" - 48"). Flowers May – June. Plant in wet mud or with up to 15cm (6") of water over soil in a sunny pond. Supplied in a 1litre basket. Price: £7.00

IRIS PSEUDACORUS VARIEGATA

Green and yellow variegated leaves in Spring with yellow Iris flowers. Height 90 – 120cm (36" - 48"). Flowers May – June. Plant in wet mud or with up to 15cm (6") of water over soil in a sunny pond. Supplied in a 1litre basket. Price: £7.00

IRIS VERSICOLOR

Rich purple flowers with broad green leaves. Height 60 – 90cm (24" - 30"). Flowers May – June. Plant in wet mud or with up to 5cm (2") of water over soil in a sunny pond or bog garden. Supplied in a 1litre basket. Price: £7.00

IRIS VERSICOLOR KERMESINA

Deep plum flowers with yellow markings. Height 60 – 90cm (24" - 30"). Flowers May – June. Plant in wet mud or with up to 5cm (2") of water over soil in a sunny pond or bog garden. Supplied in a 1litre basket. Price: £7.00

IRIS VERSICOLOR MYSTERIOUS MONIQUE

Deep plum flowers with yellow markings. Height 60 – 90cm (24" - 30"). Flowers May – June. Plant in wet mud or with up to 5cm (2") of water over soil in a sunny pond or bog garden. Supplied in a 1litre basket. Price: £8.00

JUNCUS ENSIFOLIUS

Small rush with round dark brown seedheads. Height 20cm (8"). Plant in wet mud or with 5cm (2") of water over soil in a sunny or partially shaded pond or bog garden. Supplied in a 1litre basket. Price: £7.00

LYTHRUM SALICARIA (Loosestrife) (British Native)

Purple flowers in whorls on woody stems. Height 90 – 120cm (36" - 48"). Flowers June – September. Plant in wet mud or with up to 5cm (2") of water over the soil in a sunny or partially shaded pond or bog garden. Supplied in a 1litre basket. Price: £7.00

MENTHA AQUATICA (Water Mint) (British Native)

Water Mint has lilac flower heads. Height 30cm (12"). Flowers June – September. Plant in wet mud or with up to 10cm (4") of water over soil in a sunny or partially shaded pond. Supplied in a 1litre basket or bareroot dependant on season. Price: £5.00

MENTHA CERVINA

Water Spearmint globular lilac flower heads. Height 30cm (12"). Flowers June – September. Plant in wet mud or with up to 5cm (2") of water over soil in a sunny or partially shaded pond. Supplied in a 1litre basket or bareroot dependant on season. Price: £7.00

MENTHA CERVINA ALBA

Water Spearmint globular white flower heads. Height 30cm (12"). Flowers June – September. Plant in wet mud or with up to 5cm (2") of water over soil in a sunny or partially shaded pond. Supplied in a 1litre basket or bareroot dependant on season. Price: £7.00

MYOSOTIS SCIRPIOIDES ALBA

White Forget-me-not flowers on loose scrambling plant. Height 20cm (8"). Flowers May – July. Plant in wet mud or with up to 5cm (2") of water over soil in a sunny or partially shaded pond. Supplied in a 9cm basket. Price: £5.00

MYOSOTIS SCORPIOIDES (Forget me not) (British Native)

Blue Forget-me-not flowers on loose scrambling plant. Height 20cm (8"). Flowers May – July. Plant in wet mud or with up to 5cm (2") of water over soil in a sunny or partially shaded pond. Supplied in a 9cm basket. Price: £5.00

OENANTHE JAVANICA FLAMINGO

Pink and cream margins to the delicate leaves and small white flowers. Height 15 – 30cm (6" - 12"). Flowers July to September. Plant in wet mud or with up to 10cm (4") of water over soil in a sunny pond. Supplied in a 9cm basket. Price: £5.00

ORONTIUM AQUATICUM (Golden Club)

Pencil like flowers - white with yellow tips make the Orontium an unusual shaped pond plant. Height 30 – 40cm (12" - 16"). Flowers May – June. Plant with between 25 – 30cm (10" to 12") of water over soil in a sunny pond. Supplied in a 2litre basket. Price: £12.00

PONTERDERIA CORDATA (Pickerel Weed)

Blue flower spikes above heart shaped leaves. Height 60cm (24"). Flowers August – September. Plant with between 10 – 15cm (4" - 6") of water over soil in sunny or shaded pond. Supplied in a 1litre basket. Price: £7.00

PONTERDERIA CORDATA LANCIFOLIA

Pale blue flower spikes above heart shaped leaves. Height 90 – 100cm (36" - 40"). Flowers August – September. Plant with between 15 – 25cm (6" - 10") of water over soil in sunny or shaded pond. Supplied in a 1litre basket. Price: £8.00

POTENTILLA PALUSTRIS (Marsh Cinquefoil)

Scrambling/rafting plant with toothed edge divided leaf and unusual deep red flowers. Height 15cm (6"). Flowers May – June. Plant with up to 10cm (4") of water over soil in sunny or partially shaded pond. Supplied in a 1litre basket. Price: £7.00

PRIMULA FLORINDAE

Giant cowslip primula - large heads of yellow flowers. Fragrant. Height 60cm (24"). Flowers July-September. Plant in wet mud or with 2cm (1" approx) of water over soil in a sunny pond. Supplied in a 1litre basket. Price: £8.00

RANUNCULUS FLAMMULA (British Native)

Sprawling plant covered in small yellow buttercup flowers. Height 15cm (6"). Flowers May – July. Plant in wet mud or with up to 5cm (2") of water over soil. Supplied in a 1litre basket. Price: £7.00

SCHOENOPLECTUS LACUSTRIS TABERNAEMONTANI ALBESCENS

Stems vertically barred white and green (previously named Scirpus). Height 90 – 120cm (36" - 48"). Plant with between 5 – 10cm (2" - 4") of water over soil in a sunny or partially shaded pond. Supplied in a 1litre basket . Price: £7.00

TYPHA LATIFOLIA VARIEGATA

Variegated 'Bullrush'. 15cm (6") light brown seed spikes late Summer over cream variegated foliage. Height 150cm (60"). Plant with between 15 – 20cm (6" - 10") of water over soil in a sunny or partially shaded pond. Supplied in a 1litre basket. Price: £8.00

TYPHA LUGDUNENSIS (Typha gracilis)

Bullrush. 7cm (3") light brown seed spikes late Summer over thin foliage. Height 90cm (36"). Plant with between 10 – 20cm (4" - 8") of water over soil in a sunny or partially shaded pond. Supplied in a 1litre basket. Price: £7.00

TYPHA MINIMA (Miniature Bullrush)

Miniature Bullrush. 2cm (1" approx) rounded seedheads and thin reedmace leaves. Height 60cm (24"). Plant with between 5 – 10cm (2" - 4") of water over soil in a sunny or partially shaded pond. Supplied in a 1litre basket. Price: £7.00

VERONICA BECCABUNGA (Brooklime) (British Native)

Royal blue flowers on a rafting plant. Height 15cm (6"). Flowers May – July. Plant with between 2 – 10cm (1" - 4" approx) of water over soil in a sunny or partially shaded pond. Supplied bareroot or in a 9cm basket. Price: £5.00

WATER LILIES & SURFACE COVER PLANTS**APONOGETON DISTACHYOS (Water Hawthorn)**

Oval floating leaf (15cm (6") long) with scented white flowers with black markings float on the water surface. Flowers March - May and again September – November. Plant with between 30 – 60cm (12" and 24") of water over the soil to allow the leaf and flower to grow up to the water surface. Aponogeton distachyos will grow well in a sunny or partially shaded pond. Supplied in a 2litre basket. Price: £12.00

NYMPHAEA AURORA Dwarf Waterlily

Dwarf changeable waterlily. Flower opens yellow and deepens to orange/red over days - each flower 5cm (2") wide. Plant spread 60cm (24") so appropriate for a large container or small pond. Plant with 15 – 20cm (6" - 10") of water over soil in a still, sunny position. Supplied in a 1litre basket. Price: £20.00

NYMPHAEA CANDIDA Dwarf Waterlily

Dwarf white waterlily - each flower 5cm (2") wide. Plant spread 60cm (24") so appropriate for a large container or small pond. Plant with 15 – 20cm (6" - 10") of water over soil in a still, sunny position. Supplied in a 1litre basket. Price: £20.00

NYMPHAEA LAYDEKERI FULGENS Dwarf Waterlily

Dwarf red waterlily - each flower 5cm (2") wide. Plant spread 60cm (24") so appropriate for a large container or small pond. Plant with 15 – 20cm (6" - 10") of water over soil in a still, sunny position. Supplied in a 1litre basket. Price: £20.00

NYMPHAEA PERRYS BABY RED Dwarf Waterlily

Dwarf red waterlily – each flower 5cm(2") across. Plant spread 60cm (24") so appropriate for a large patio container pond or small pond. Plant with 15 -20cm (6 – 10") of water over soil in a still, sunny position. Supplied in a 1 litre basket. Price £20.00

NYMPHAEA WALTER PAGELS Dwarf Waterlily

Dwarf cream waterlily each flower 5cm (2") in size. Plant spread 60cm (24") so appropriate for a large patio container pond or small pond. Plant with 15 – 20cm (6" - 10") of water over soil in a still, sunny position. Supplied in a 1litre basket. Price: £20.00

NYMPHAEA PYGMAEA ALBA Miniature waterlily

Miniature white waterlily each flower 3cm (1" approx) in size. Plant spread 30cm (12") so appropriate for a miniature patio pond container or tiny pond. Plant with 15cm (6") of water over soil in a still, sunny position. Supplied in a 1litre basket. Price: £20.00

NYMPHAEA PYGMAEA HELVOLA Miniature waterlily

Miniature yellow waterlily each flower 3cm (1" approx) in size. Plant spread 30cm (12") so appropriate for a miniature patio pond container or tiny pond. Plant with 15cm (6") of water over soil in a still, sunny position. Supplied in a 1litre basket. Price: £20.00

NYMPHAEA PYGMAEA RUBRA Miniature waterlily

Miniature red/pink waterlily each flower 3 – 5cm (1 - 2" approx) in size. Plant spread 45cm (18") so appropriate for a miniature patio pond container or tiny pond. Plant with 15 – 25cm (6" - 10") of water over soil in a still, sunny position. Supplied in a 1litre basket. Price: £20.00

Pond waterlily - NYMPHAEA ALBA (British Native)

Large waterlily – spread of approximately 120cm (48"). White flower 10cm (4") in size. Plant with up to 90cm (36") of water over soil in a still, sunny position. Supplied in a 3litre basket. Price: £20.00

Pond waterlily - NYMPHAEA ATTRACTION

Medium/Large waterlily – spread of approximately 90cm (36"). Pink/Red flowers 10cm (4" approx) in size suitable for a medium pond. Plant with up to 75cm (30") of water over soil in a still, sunny position. Supplied in a 3litre basket. Price: £20.00

Pond waterlily - NYMPHAEA GONNERE

Medium waterlily – spread of approximately 75cm (30"). White double flowers 8cm (3" approx) in size suitable for a small/medium pond. Plant with up to 60cm (24") of water over soil in a still, sunny position. Supplied in a 3litre basket. Price: £20.00

Pond waterlily - NYMPHAEA JAMES BRYDON

Medium waterlily – spread of approximately 75cm (30"). Cerise/pink flower 8cm (3" approx) in size suitable for a small/medium pond. Plant with up to 60cm (24") of water over soil in a still, sunny position. Supplied in a 3litre basket. Price: £20.00

Pond waterlily - NYMPHAEA MARLIACEA CHROMATELLA

Medium/large waterlily – spread of approximately 90cm (36"). Yellow flower 10cm (4") in size suitable for a medium pond. Plant with up to 75cm (30") of water over soil in a still, sunny position. Supplied in a 3litre basket. Price: £20.00

Pond waterlily - NYMPHAEA RENE GERARD

Medium/Large waterlily – spread of approximately 90cm (36"). Red flower 8cm (3" approx) in size and large leaves suitable for a medium pond. Plant with up to 60cm (24") of water over soil in a still, sunny position. Supplied in a 3litre basket. Price: £20.00

HYDROCHARIS MORSUS-RANAE (Frogbit) (British Native)

British Native floating plant with leaves 2cm (1" approx) across. White flowers in summer. Frogbit floats on pond surface in Summer in a sunny or partially shaded pond and overwinters on pond floor as dormant buds. Supplied bareroot (each portion is approx 3 plants) Available in Summer only Price: £5.00

MENYANTHES TRIFOLIATA (Bog Bean) (British Native)

Rafting rhizome with 3 lobed leaf and white flowers. Height 20 – 30cm (8" - 12"). Flowers May – June. Float the rhizome on water surface in a sunny or partially shaded pond. Supplied bareroot as a rhizome to float on water Price: £5.00

STRATIOTES ALOIDES (Water Soldier) (British Native)

British Native floating pond plant with spiked foliage. Height 10cm (4"). Flowers white in June – July. Water Soldiers float at pond surface in Summer in a sunny or partially shaded pond and overwinter on pond floor as dormant buds. Supplied bareroot to drop into the deep area of the pond. Price: £5.00

OXYGENATING PLANTS

In a new pond, the stocking rate for oxygenating plants should be two bunches/9 cm pots per surface m²

CALLITRICHE PALUSTRIS (Starwort) (British Native)

Submerged oxygenator with masses of small star shaped green leaves Spreads across the pond surface forming attractive mats. Submerge under 15 – 60cm (6" - 24") of water. Callitriche palustris can be supplied bareroot as weighted bunches to drop into deep area of pond or in 9cm baskets dependant on season. Price: £4.00

CERATOPHYLLUM DEMERSUM (Hornwort) (British Native)

Dark green feathery foliage grows loose in the pond. British Native submerged oxygenator grows in a depth of 30 – 90cm (12"- 36") of water. Grows well in a sunny or partially shaded pond. Supplied loose bareroot to be dropped into deep water area. Price: £3.00

ELODEA CRISPA

A good oxygenator of vigorous habit. Submerge to a depth of 30 – 150cm (12" - 60") of water. Supplied bareroot in weighted bunches to be dropped into the deep area of the pond. Price: £1.00

ISOLEPIS CERNUA

Small grass - like oxygenator with white seedheads. Height 15 – 20cm (6" - 8"). This oxygenating plant is ideal in size for the patio container pond. Plant with 5cm (2") of water over soil in a sunny or partially shaded pond. Supplied in a 9 cm basket. Price: £5.00

MYRIOPHYLLUM SPICATUM (British Native)

Submerged oxygenator (Spiked Milfoil) with olive green feathery foliage that has small yellow/red flowers above water surface. Grows in a depth of 30 – 90cm (12"- 36") of water. Supplied bareroot in weighted bunches to drop into deep area of pond. Price: £3.00

POTAMOGETON CRISPUS (Curly pond weed) (British Native)

Submerged oxygenator with olive green seaweed shaped foliage that grows equally well in partially shaded ponds. Submerge in 30 – 60cm (12" - 24") of water. Potamogeton crispus is supplied bareroot in weighted bunches to drop into deep area of pond. Price: £4.00

RANUNCULUS AQUATILIS (Water Crowfoot) (British Native)

Submerged oxygenator plant with some surface leaf cover and white flowers but most of its foliage is submerged underwater. Flowers in May. Plant with 30cm (12") of water over soil. Supplied bareroot in weighted bunches to drop into deep area of pond or in 9cm baskets dependant on season. Price: £4.00

MOIST PLANTS AND BOG GARDEN PLANTS

ARUNCUS DIOICUS

Upright white flowering plumes (Goats Beard). Height 120cm (4'). Flowers June. Likes moist to wet soil in a sunny or partially shaded bog garden. Supplied in a 2litre pot. Price: £7.00

ASTILBE ARENDSII PUMILA

Plumes of crimson flowers above green foliage. Height 30cm (12"). Flowers July – August. Likes moist soil in a sunny or partially shaded bog garden. Supplied in a 2litre pot. Price: £7.00

ASTILBE SIMPLICIFOLIA SPRITE

Dwarf Astilbe has pale pink flowers above dark green foliage. Height 20cm (8"). Flowers June – August.
Likes moist soil in a sunny or partially shaded bog garden. Supplied in a 2litre pot. Price: £7.00

DARMERA PELTATA

Rounded heads of pink flowers on tall stems before the round leaves (30cm (12") across). Height 90cm (36"). Flowers April.
Likes moist to wet soil in a sunny or partially shaded bog garden. Supplied in a 2litre pot. Price: £8.00

EUPATORIUM CANNABINUM (Hemp Agrimony) British Native

Clusters of pink flower heads loved by bees and butterflies. Height 120cm (48"). Flowers August - October.
Plant in moist conditions in a sunny or partially shaded garden. Supplied in a 2litre pot. Price: £8.00

EUPATORIUM FORTRIUM PINK FROST

pink flower heads loved by bees and butterflies with striking white variegated foliage. Height 90-120cm (3'-4'). Flowers July - September.
Plant in moist conditions in a sunny or partially shaded garden. Supplied in a 2litre pot. Price: £8.00

EUPATORIUM MACULATUM PHANTOM

Open headed pink flowers on red stems loved by bees and butterflies. Height 90cm (36"). Flowers September - October.
Plant in moist conditions in a sunny or partially shaded garden. Supplied in a 2litre pot. Price: £7.00

FILIPENDULA ULMARIA

Clusters of white flowers on this Native Meadowsweet. Height 60 – 90cm (24"- 36"). Flowers June – August.
Plant in wet to moist soil in sun or partial shade. Supplied in a 2litre pot. Price: £7.00

GEUM RIVALE (Water Avens) British Native

Nodding flower heads of brown/peach. Height 30cm (12"). Plant in wet mud or moist soil in a sunny or partially shaded moist or bog garden.
Supplied in a 9cm pot. Price: £5.00

GUNNERA MAGELLANICA

3cm (1" approx) round green leaves on this scrambling ground cover Gunnera. Height 15cm (6"). Plant in wet mud or moist soil in a sunny or partially shaded moist or bog garden. Supplied in a 9cm pot. Price: £5.00

HESPERANTHA (Schizostylis) COCCINEA 'PINK'

Pink flowers open along a 30cm (12") stem with spiky foliage (Kaffir Lily). Height 15cm (18"). Flowers September – October.
Plant in rich moist soil in sun. Supplied in a 1litre pot. Price: £7.00

IRIS ENSATA ROSE QUEEN

Pink 3 petal flowers. Height 75cm (30"). Flowers July. Plant in lime free soil in sunny moist border - not in a pond as they prefer moist but drained conditions. Supplied in a 1.5litre pot. Price: £7.00

IRIS ENSATA SENSATION

Rich purple flowers with yellow central markings. Height 90cm (36"). Flowers June – July. Plant in lime free soil in sunny moist border - not in a pond as they prefer moist but drained conditions. Supplied in a 1.5litre pot. Price: £7.00

IRIS SIBIRICA FLIGHT OF BUTTERFLIES

Delicate blue flowers with white markings to each fall. Height 60cm (24"). Flowers May – June.
Plant in rich moist soil in a sunny site. Supplied in a 1.5litre pot. Price: £6.00

IRIS SIBIRICA RIGAMAROLE

Double lilac flowers. Height 75cm (30"). Flowers June-July.
Plant in rich moist soil in a sunny site. Supplied in a 1.5litre pot. Price: £8.00

IRIS SIBIRICA SILVER EDGE

Blue flowers with a silver edge to each petal and a yellow base to each fall. Height 60 – 75cm (24" - 30"). Flowers May – June.
Plant in rich moist soil in a sunny site. Supplied in a 1.5litre pot. Price: £8.00

IRIS SIBIRICA SPARKLING ROSE

Mauve/pink flowers with a yellow base to each fall. Height 60 – 75cm (24" - 30"). Flowers May – June.
Plant in rich moist soil in a sunny site. Supplied in a 1.5litre pot. Price: £6.00

IRIS SIBIRICA TROPIC NIGHT

Blue flowers with a yellow base to each fall. Height 60 – 75cm (24" - 30"). Flowers May – June.
Plant in rich moist soil in a sunny site. Supplied in a 1.5litre pot. Price: £6.00

LIGULARIA DENTATA DESDEMONA

Large leaves tinted maroon and orange daisy flowers. Height 90cm (36"). Flowers July – August..
Likes moist soil in a partially sunny or shaded bog garden. Supplied in a 2litre pot. Price: £8.00

LYCHNIS FLO-CUCULI (Ragged Robin British Native

Masses of star shaped pink flowers on branching stems. Height 60cm (24"). Flowers Late Spring.
Plant in moist soil in a sunny or partially shaded bog garden. Supplied in a 9cm pot. Price: £4.00

LYCHNIS FLO-CUCULI WHITE ROBIN

Masses of star shaped white flowers on branching stems. Height 60cm (24"). Flowers Late Spring. Plant in moist soil in a sunny or partially shaded bog garden. Supplied in a 9cm pot. Price: £4.00

LYTHRUM SALICARIA BLUSH

Spikes of pale pink flowers on woody stems. Height 90cm (36"). Flowers July – September. Plant in moist soil in a sunny or partially shaded bog garden. Supplied in a 1.5litre pot. Price: £7.00

PRIMULA BULLEYANA(Candelabra Primula)

Orange flowers in 4 -6 tiered whorls. Height 24". Flowers June-July. Plant in moist soil in a sunny or partially shaded bog garden. Supplied in a 9cm pot. Price: £5.00

PRIMULA BULLEESIANA (Mixed Seedlings) (Candelabra Primula)

Flowers in 2-6 tiered whorls in a range of colours white to red Height 60cm (24"). Flowers June – August. Plant in moist soil in a sunny or partially shaded bog garden. Supplied in a 9cm pot Price: £5.00

PRIMULA FLORINDAE COPPER & RED FORMS

Large drooping heads of fragrant copper and red flowers. Height 60cm (24"). Flowers June – September. Likes wet mud in a stream edge/bog garden. Supplied in a 1cm pot. Price: £8.00

PRIMULA JAPONICA APPLE BLOSSOM (Candelabra Primula)

Flowers in 2-6 tiered whorls in a pale pink Height 60cm (24"). Flowers June – August. Likes rich moist soil in sun or partial shade. Supplied in a 9cm pot. Price: £5.00

RODGERSIA IRISH BRONZE

Horse Chestnut shaped bronze tinted leaves and cream flowers. Height 90cm (36"). Flowers July – August. Plant in moist soil in a partially shaded bog garden. Supplied in a 2litre pot. Price: £8.00

STACHYS PALUSTRIS (Marsh Woundwort)

Pink-purple orchid shaped flowers above rough serrated foliage. Height 60cm (24"). Flowers in June - July. Plant in moist soil or wet mud in a sunny or partially shaded bog garden. Supplied in a 1 litre pot. Price: £8.00

SUCCISA PRATENSIS British Native

Slow growing with violet pincushion type flowers. Height 60cm (24"). Flowers in June - October. Plant in moist in moist soil in a sunny or partially shaded bog garden. Supplied in a 9cm pot. Price: £5.00

TROLLIUS CULTORUM CHEDDAR

Cream yellow globe shaped flowers above divided foliage. Height 60cm (24"). Flowers in May – June. Plant in moist soil in a sunny or partially shaded bog garden. Supplied in a 1.5 litre pot. Price: £8.00
